This is a schedule document with various activities and events listed over different months. The schedule covers topics such as lectures, tutorials, workshops, presentations, and exams. The document includes specific dates, times, and locations for each event. It also highlights mandatory moments and examination periods.

The schedule is organized in a structured format, with each activity assigned a time slot and location. The document is designed to help students and faculty plan their academic activities effectively. The schedule is color-coded for easier visual distinction between different types of activities.
